Supervised Postgraduate Theses

- More than 40 Pharm.D Theses
- 1 Ph.D Thesis

University Research Projects

- Four fulfilled projects
- Four projects are in progress

Research Interests

1. Designing and performing clinical trials and ADR studies.
2. Investigation and development of a rational drug prescribing and usage pattern in patients with chronic diseases/disorders.
3. Pharmacoeconomical and pharmacoepidemiological studies.

Awards

1. Overseas Research Students Award, from the Committee of Principles of the Universities of the UK for the years 1999-2002.
2. Distinguished lecturer of the Shaheed Beheshti School of Pharmacy, years 1383 (2004) and 1387 (2008).
